

Slingshot

- Have you ever been involved in anything that completely bored you senseless? Like playing right field/picking daisies?
- Have you ever shown up for something completely unprepared? What are the feelings and emotions involved in that situation? Consequences?
- Let's say...you are going to die in your sleep tonight. Are you prepared to die? Are there things you need to take care of first to be prepared?

Jesus does not desire his disciples to live life bored. We are on task, with a mission to share his message with others, especially people outside of the body of Christ. So, that requires us to live life prepared and with hope.

Live Prepared

Read **2 Timothy 4:1-5** (Paul regarded Timothy as his "true son in the faith")

- Can you list some ways in which Paul wants Timothy to be prepared?
- Are there any spiritual myths or teachings that people are turning to today that are not the truth of God?
- What does Paul mean by "keep your head in all situations?"

Live With Hope

Read **2 Timothy 4:6-8** (Paul anticipates his own death...)

- How does Paul view the life he lead as a Christian?
- What is Paul hoping for after death?
- Paul seems pretty confident about his reward on Judgment Day. Do you have the same assurance as Paul about God's reward for you on Judgment Day? Why or why not?

⊗ What does **Revelation 20:11-21:4** add to this idea of living life prepared and with hope?
